within us and within reach. Importantly, it is along this pathway to meaning where the healing process ultimately takes place and where wholeness in spirit, mind, and body can be found. Alex Pattakos, PhD, Co-Author of *Prisoners of Our Thoughts*; Viktor Frankl's *Principles for Discovering Meaning in Life and Work* and *The OPA Way: Finding Joy*, the idea behind living a fulfilling and authentic life is paramount in the therapeutic community and addiction industry. The missing links are self-actualization, self-transcendence, and meaning in the everyday experience when talking about recovery and sobriety. Dr. Dezelic and Dr. Ghanoum provide a clear and concise trauma training platform for professionals across disciplines where meaning is woven throughout all of the interventions. Cali Estes, PhD, Author of *The Recovery Coach Workbook: How do we heal from the pain of traumatic events? How do we survive in the face of unavoidable suffering and loss?* Once again, Dezelic and Ghanoum have developed innovative, colorful, and informative Conceptual Pictographs to illustrate their model of recovery. TTTP is flexible enough to be appropriate for individual and group counseling as well as for self-exploration. This manual is an invaluable addition to the treatment plan for clinicians dedicated to helping trauma survivors heal from and discover meaning in the face of tragedy and sorrow.
