MLA Guide to

Digital Literacy Ellen C. Carillo, 2019-10-01 Students face challenges assessing responding to and producing information in today's fast-paced complex digital landscape. This guide helps students understand why digital literacy is a critically important skill; their education, future careers, and participation in democratic processes rely on it. Hands-on structured activities give students strategies for evaluating the credibility of sources, detecting fake news, understanding bias, and more. Readings and writing prompts support specific concepts, including how to craft a research question and effectively conduct searches. An appendix contains three sample lesson plans. *Taming the Wild Text: Literacy Strategies for Today's Reader* Pam Allyn, Monica Burns, 2017-08-01 This professional resource equips K-12 students with the skills they need to be critical readers in the 21st century. Today's reader is reading across multiple genres on phones and tablets with text in hand and also online, and this helpful book provides educators with techniques on how to teach students to read on every platform and in every genre to struggle with text and to break through to new ideas when reading text. It focuses on the habits that students must form in order to gain the confidence to access all texts across all platforms. Each chapter is devoted to developing the five habits for successful reading: reading closely, widely, critically, deeply, and purposefully. Grounded in the latest research, the easy-to-implement strategies and instructional methods will help students cultivate strong reading skills in the 21st-century classroom. *The Routledge Handbook of Media Education Futures Post-Pandemic* Yonty Friesem, Usha Raman, Igor Kanižaj, Grace Y. Choi, 2022-09-13 This handbook showcases how educators and practitioners around the world adapted their routine media pedagogies to meet the challenges of the COVID-19 pandemic, which often led to significant social, economic, and cultural hardships. Combining an innovative mix of traditional chapters, autoethnography, case studies, and dialogue within an intercultural framework, the handbook focuses on the future of media education and provides a deeper understanding of the challenges and affordances of media education as we move forward. Topics range from fighting disinformation, how vulnerable communities coped with disadvantages using media, transforming educational TV or YouTube to reach larger audiences, supporting students' wellbeing through various online strategies, examining early childhood parents and media mentoring using digital tools, reflecting on educators' intersectionality on video platforms, youth-produced media to fight injustice, teaching remotely, and providing low-tech solutions to address the digital divide, search for solutions collaboratively using social media, and many more. Offering a unique and broad multicultural perspective on how we can learn from the challenges of addressing varied pedagogical issues that have arisen in the context of the pandemic, this handbook will allow researchers, educators, practitioners, institution leaders, and graduate students to explore how media education evolved during 2020 and 2021 and how these experiences can shape the future direction of media education. *Digital Literacy: Preparing Students for a Tech-Savvy World* Ahmed Musa, 2024-12-26 Digital literacy is an essential skill for students to thrive in the modern world.
