Digital Literacy Award Winning:

Young people in a digitalised world Council of Europe, 2018-06-18 Youth participation in the digitalised world is nowadays a topic of high interest in the public sphere The authors of this publication aim to bring new perspectives and varied visions to the key questions of understanding how young people interact with all the opportunities the digital space has to offer and how they can use this space for causes relevant not only for themselves but also for the democratisation of the societies in which they live By doing so the authors strive to build knowledge on this topic illustrating how the digitalisation of contemporary European societies simultaneously offers significant opportunities and poses considerable challenges The Perspectives on youth series aims to function as a forum for information discussion reflection and dialogue on European developments in the field of youth policy youth research and youth work This issue is linked with the Symposium on Youth Participation in a Digitalised World organised by the partnership between the European Commission and the Council of Europe in the field of youth

Digital Communication and Learning Anna Wing Bo Tso, Alex Chi-keung Chan, Wendy Wing Lam Chan, Peter Edward Sidorko, Will W. K. Ma, 2022-04-12 This edited book collects papers with perspectives from scholars and practitioners in Asia Australia and Europe to reveal the pros and cons chances and challenges constraints and potential risks that educators and learners are facing as the new paradigm for communication and learning takes place with a view to shedding light on the global education climate in the midst of the pandemic Since the onset of the global pandemic education has been revolutionized in almost every aspect The emergency precautionary measures which were once supposed to be temporary school arrangements only have now become the new normal reshaping our understanding of learning environments redefining the pedagogic standards in terms of teaching practices learning designs teacher student interaction feedback and assessment Online teaching distanced learning flipped classrooms and self paced e learning have all played an increasingly vital role in shaping a new education culture in various education settings affecting school management teachers students and parents alike While ICT in education alongside new media has provided ample benefits and convenience for educators and students communication and virtual lessons conducted in the socially distanced classroom appear to have brought issues such as the digital divide e mental health insufficient technical support inefficient classroom management reduced interaction between teachers and students not to mention the growing concerns over privacy and security

Debates in Computing and ICT Education Sarah Younie, Pete Bradshaw, 2017-10-19 Debates in ICT and Computing Education explores the major issues teachers encounter in their daily professional lives It encourages critical reflection and aims to stimulate both novice and experienced teachers to think more deeply about their practice and link research and evidence to what they have observed in schools Chapters tackle established and contemporary issues enabling teachers to reach informed judgements and argue their point of view with deeper theoretical knowledge and understanding Debates include teacherless classrooms personalised learning creativity digital literacy visual literacy e tools learning

platforms and opportunities for lifelong learning *Civility in the Digital Age* Andrea Weckerle, 2013-02-13 Re-civilize Life Online PROVEN Conflict Management and Prevention for Social Media and the Web Ever seem like the Web is just one big screaming match Ever feel like you're refereeing a worldwide tantrum on YOUR social media sites, blogs and online forums That's not good for your goals or your sanity Stop Now Step back Take a breath And solve the problem Thought you couldn't You can there are proven best practices for getting people to be civil online Even when they disagree Even if they're complaining You can avoid misunderstandings that lead to flame wars and promote constructive conversation amongst those with strongly held views And finally you can handle the people that just can't be civilized Today these skills are flat out imperative Everyone who leads, curates, manages or participates in online communities needs them Andrea Weckerle hasn't just compiled them she's created a 30 Day Action Plan for restoring civility to your corner of the digital world This plan works and not one moment too soon Master the foundational skills you need to resolve and prevent conflict online Understand the dynamics of each online conflict from procedural disputes to online lynch mobs Stay cool and effectively manage conflict in even the highest pressure online environments Differentiate between what people say and what they really want Create a positive online footprint or start cleaning up a negative image Recognize online troublemakers and strategize ways to handle them Manage your own anger and when necessary express it online safely and productively Strategically manage others' online hostility and frustration Limit risks to your organization's online reputation due to actions it can't control Draft and implement corporate social media policies that actually work Diversity Programming for Digital Youth Jamie Campbell Naidoo, 2014-06-24 Combining information about outreach to diverse populations selection of culturally diverse children's print and digital media and library programming this book is the tool librarians need to promote cultural understanding through engaging children's programs designed for today's culturally diverse youth Today's children live in a culturally diverse and constantly changing digital world New digital media is created every day but librarians and other educators need help in evaluating cultural content in digital apps determining whether they send appropriate social messages to children and learning how to use them in library programs that promote cultural competence Diversity Programming for Digital Youth Promoting Cultural Competence in the Children's Library provides just the help that is needed This resource is the only one to examine the role of culturally diverse digital media and how it can be used with children's books to promote cultural competence in the library It provides annotated lists of digital media paired with culturally diverse literature to offer librarians and educators a springboard for creating enriching engaging and culturally relevant programs for children from diverse backgrounds The sample digital storytime programs celebrating diverse cultures will benefit busy librarians looking for ways to engage reluctant readers in library storytimes **How and Why to Read and Create Children's Digital Books** Natalia Kucirkova, 2018-12-03 How and Why to Read and Create Children's Digital Books outlines effective ways of using digital books in early years and primary classrooms and specifies the educational potential of using digital books and

apps in physical spaces and virtual communities With a particular focus on apps and personalised reading Natalia Kucirkova combines theory and practice to argue that personalised reading is only truly personalised when it is created or co created by reading communities Divided into two parts Part I suggests criteria to evaluate the educational quality of digital books and practical strategies for their use in the classroom Specific attention is paid to the ways in which digital books can support individual children s strengths and difficulties digital literacies language and communication skills Part II explores digital books created by children their caregivers teachers and librarians and Kucirkova also offers insights into how smart toys tangibles and augmented virtual reality tools can enrich children s reading for pleasure How and Why to Read and Create Children s Digital Books is of interest to an international readership ranging from trainee or established teachers to MA level students and researchers as well as designers librarians and publishers All are inspired to approach children s reading on and with screens with an agentic perspective of creating and sharing Praise for How and Why to Read and Create Children s Digital Books This is an exciting and innovative book not least because it is freely available to read online but because its origins are in primary practice The author is an accomplished storyteller and whether you know as yet little about the value of digital literacy in the storymaking process or you are an accomplished digital player this book is full of evidence informed ideas explanations and inspiration Liz Chamberlain Open University At a time when children s reading is increasingly on screen many teachers parents and carers are seeking practical straightforward guidance on how to support children s engagement with digital books This volume written by the leading expert on personalised e books is packed with app reviews suggestions and insights from recent international research all underpinned by careful analysis of digital book features and recognition of reading as a social and cultural practice Providing accessible guidance on finding choosing sharing and creating digital books it will be welcomed by those excited by the possibilities of enthusing children about reading in the digital age Cathy Burnett Professor of Literacy and Education Sheffield Hallam University *Innovation in Public Libraries* Kirstie Nicholson, 2017-02-23 *Innovation in Public Libraries* Learning from International Library Practice examines the recent activities of successful and innovative libraries around the world presenting their initiatives in areas including library design events and programs and creating customer experiences This timely guide provides an overview of these libraries successful experiences and identifies emerging global trends and themes The author offers library practitioners guidance on how to pursue these trends in their own library environment identifying achievable goals when planning building and design improvements and developing customer interactions in order to emulate the experiences of international libraries Presents a range of successful and innovative practices in one book covering library innovation in building design programs and events and in customer experience and approach Provides an international perspective on library activities with libraries in different countries discussed Analyzes the experiences of various libraries to identify common trends and themes Provides practical advice for librarians who wish to emulate the activities of the libraries discussed with recommended goals to action Examines

both the big picture of emerging global trends and themes as well as highlighting the daily experiences of individual libraries

Advancing Next-Generation Teacher Education through Digital Tools and Applications Grassetti, Mary, Brookby, Silvy, 2016-11-04 The implementation of the Common Core State Standards program has spearheaded many changes within the education field As this initiative is ultimately designed to optimize student performance and success it is critical that teacher education programs and technological tools being utilized in classrooms align with Common Core State Standards Advancing Next Generation Elementary Teacher Education through Digital Tools and Applications examines the impact of Common Core State Standards on teaching and learning within elementary classrooms Focusing on the influence that Common Core has on teacher education programs and how the implementation of educational technologies is continuously changing the field this book is ideally suited for teacher educators researchers administrators classroom teachers policy makers and technology support personnel *Legislative Branch Appropriations for 2018: Fiscal year 2018 Legislative Branch appropriations requests* United States. Congress. House. Committee on Appropriations. Subcommittee on Legislative Branch, 2017 **Annual Report of the Librarian of Congress for the Fiscal Year Ended ...** Library of Congress, 2017

Perspectives on the Digital Economy in the Arab Region, 2018 The study aimed to raise awareness on the Digital Economy in the Arab region and its contribution to Sustainable Development Digital Economy is a concept characterizing a situation where pervasive use of Information and Communication Technologies ICT in all social and economic endeavors leading to expanded opportunities economic growth and improved public service delivery Digital Economy plays an important role in the advent of Smart Societies empowering all actors public authorities government businesses and citizens particularly youth and women to take optimal and informed decisions and reduce inequalities Digital Economy revolution is no less important than former industrial revolutions related with the advent of steam power combustion engines or electricity The Arab region cannot stay away from this Digital Economy revolution and should leverage the benefits it might bring and address the risks it involves Arab countries with their large human potential educated youth rich financial resources and central geographic position should leverage the assets offered by Digital Economy to transform their economies and societies Essentially because Digital Economy is transforming the globalized world and economy by affecting global value chains and countries should strive to maintain or improve their global position The main objective of this publication is to create awareness about Digital Economy and help policymakers and other stakeholders in the Arab region in identifying priority areas in the Digital Economy and developing national digital agendas to enhance their transformation into Digital Economy which could also help addressing many socioeconomic problems and contribute to the fulfillment of UN Sustainable Development Goals A properly well thought and inclusive Digital Economy agenda for the region would be a major tool to guide the Arab countries in this field and put them on the track of an inclusive and sustainable economic growth This document addresses many issues that might assist in the building up of such successful agendas Publisher s description
