Pros and Cons John Bertram Askew, 1920

Defend

Yourselves! Mark J. Green, 2013-07-30 Talk Back Fight Back Patient client employee small business owner taxpayer investor consumer it's time to defend yourself Why should anyone tolerate an HMO not paying for his emergency surgery because he didn't give notice beforehand or accept a higher auto insurance rate because she lives in a low income community A large body of laws and regulations exists to give average workers and consumers the tools to talk back and fight back

The Patna Law Times ..., 1920 **The Carter Presidency** Gary M. Fink, Hugh Davis Graham, 1998 After the Nixon and Ford administrations liberal Democrats hoped Jimmy Carter's election in 1976 would restore the New Deal agenda in the White House Instead during four tumultuous years in office Carter endorsed many of the fiscal and economic policies later

espoused by his Republican successor Ronald Reagan But Carter also backed most New Deal social programs and however reluctantly pursued a traditional containment foreign policy In this book more than a dozen eminent scholars provide a balanced overview of key elements of Carter s presidency examining the significance of his administration within the context of evolving American policy choices after World War II They seek not only to understand the troubled Carter presidency but also to identify the changes that precipitated and accompanied the demise of the New Deal order By the time Carter took office many Americans had become disenchanted with big government and welfare spending and his presidency is viewed in these pages as a transitional administration As this volume demonstrates Carter s dilemma emerged from his effort to steer a course between traditional expectations of federal government and new political and economic realities While most of the contributors agree that his administration may be justly criticized for failing to find that course they generally conclude that Carter was more successful than his critics acknowledge These thirteen original essays cover such topics as the economy trade and industrial policies welfare reform energy environment civil rights feminism and foreign policy They offer thoughtful assessments of Carter s performance focusing on policy both as cause and effect of the post industrial transformation of American society that shadowed his administration A final essay shows how Carter s public spirited post presidential career has made him one of America s greatest ex presidents Grounded on research conducted at the Carter Library The Carter Presidency is an incisive reassessment of an isolated Democratic administration from the vantage point of twenty years It is a milestone in the historical appraisal of that administration inviting us to take a new look at Jimmy Carter and see what his presidency represented for a dramatically changing America
