# Entropy Hunting Guide

**David Kirk**

## Entropia Hunting Guide:

*Virtual Local Manufacturing Communities* William Sims Bainbridge, 2019-02-25 This book deeply explores production capable social media channels based on thousands of hours of observation and extensive collection of statistical data extracting hypotheses that may generalize to the real world distributed manufacturing of the near future Distributed manufacturing offers the promise of bringing jobs back to local communities producing goods that are personalized or harmonize with distinctive cultures and thereby reversing significant aspects of the globalization that has dominated in recent years Large corporations may still have important roles to play but in collaboration with local workshops providing machinery software databases of designs and communication media suitable for a diverse and dynamic workforce For years a set of computer simulation laboratories has flourished in which millions of people have used virtual machines to produce a great variety of products massively multiplayer online role playing games Their systems are highly diverse complex and provide information capable of serious social science analysis This book deeply explores 30 of these production capable social media based on thousands of hours of observation and extensive collection of statistical data extracting hypotheses that may generalize to the real world distributed manufacturing of the near future This book begins with an overview of this universe of online virtual worlds then demonstrates the principles of virtual manufacturing modes of work related communication socio economic structures and dynamics and the function of artificial intelligence in these human technology systems It concludes with consideration of the large scale technical and cultural variation illustrated both by individual examples and by the rather large industry in which they have long been successful

**Social Virtual Worlds and Their Places** Merrill L. Johnson, 2022-06-11 This book provides a foundational look at social virtual worlds from the geographer's perspective How can the geographer's craft be applied to social virtual worlds This question is addressed through careful analysis of what social virtual worlds are how interest in these worlds has waxed and waned during the twenty first century and the meaning of their concocted spaces Examining one of the key features of the social virtual world the avatar the book focuses on its user's motivations and identity choices The book draws on the geographical understanding of place to examine where avatars live work and roam and describes how virtual world places resemble and diverge from actual world places A mixed methods survey conducted in Second Life adds additional breadth to the discussion whilst a series of vignettes gives extra life to the subject matter This original exploration of the content and meaning of social virtual worlds is an essential resource for geographers and for anyone interested in the virtual world experience
