**Management Scheduling and Control System** McDonnell Douglas Automation Company, 1982      **Phoenix Project Manager Real World Scheduling** John Buttelwerth (Illustrator), 2015-07-01 Phoenix Real World Scheduling is called real world because the author wrote it drawing upon his 30 years of experience consulting with contractors to help them meet their construction scheduling software needs He knows how contractors use scheduling software what's important to them and what is not Phoenix Project Manager is considered by many to be the best replacement for SureTrak This manual has been tested and retested in both the classroom and the company training room It will guide you thru the many features of Phoenix Project Manager and teach you how use the software the way contractors use it Other software manuals are often hundreds of pages long filled with dense text that wastes your time trying to cover every corner and nuance of the software ultimately leaving readers more confused than before they started Phoenix Real World Scheduling assumes that the reader has no previous exposure to the software and takes the reader through the process of creating a schedule covering the same features that a contractor would include on their typical schedule This includes creating and saving the schedule covering numerous formatting options to customize the look of the schedule working with calendars including 50% and 100% weather calendars then activity coding the schedule to organize the activities Different views of the schedule are explored and from there the schedule is updated covering all possible update scenarios that may actually occur The updated schedule is stored using Storepoints and then compared side by side to the original using Phoenix's very unique Comparisons feature A custom Filter is then created to produce a Six Week Look Ahead schedule With this manual and a few hours of your time you will be ready to effectively use Phoenix Project Manager on a real project      Handbook on Scheduling Jacek Blazewicz, Klaus H.
