Mormon Classics William Alexander Linn, John Taylor, Joseph Fielding Smith, Wilford Woodruff, James E. Talmage, B. H. Roberts, Parley P. Pratt, George Q. Cannon, Joseph F. Smith, Eliza R. Snow, Brigham Young, Joseph Smith Jr., John A. Widtsoe, 2022-11-13 *Mormon Classics* is a compelling anthology that weaves together an array of transformative writings reflective of the spiritual and theological foundations of the Latter day Saint movement. This collection captures the profound diversity in literary styles from the doctrinal expositions to the evocative hymns and reflective narratives that continue to resonate within Mormon culture. It brings forth a profound dialogue with standout pieces exploring not only the tenets of faith but also the intricate balance between revealed knowledge and personal insight, making it an essential resource for both the devout and the curious. The collection features an enriched tapestry of voices, each contributing uniquely to the overarching theology and cultural narrative of Mormonism. The authors, from Joseph Smith Jr.'s foundational teachings to Eliza R. Snow's inspired verses, offer a cross-section of the religious fervor, intellectual inquiry, and personal conviction that define this religious tradition. This anthology stands as a testament to the influence of key historical figures and the evolving interpretation and understanding of Mormon doctrine, deeply embedded in cultural and historical contexts. For both scholars and enthusiasts, *Mormon Classics* presents a distinct opportunity to engage with the varied perspectives that have shaped Mormon theology and culture. It offers a multidimensional insight into a faith that continues to grow and impact communities worldwide. Readers are invited to explore this volume not merely as a collection of texts but as an ongoing conversation that bridges past ideologies with contemporary faith challenges, providing an indispensable lens through which to examine the complexities of belief, identity, and community in Mormonism.

The Minangkabau Response to Dutch Colonial Rule in the Nineteenth Century Elizabeth E. Graves, 2009-12 Despite the considerable expansion of scholarly studies of Minangkabau society in recent years, the paucity of historical research on West Sumatra is still notable. Especially is this so for the nineteenth century, where apart from the new perspectives provided in Christine Dobbin's series of articles on the Padri Wars, virtually nothing has been published during the past decade. A significant study dealing with this period that certainly merited publication was the 1971 University of Wisconsin dissertation of Elizabeth E. Graves, which following her revision we are now pleased to bring out in our Monograph Series. In this revision, Dr. Graves was not able to draw on Dobbin's work and other germane material published during the last few years, but most of the data she has marshaled and analyzed cannot be found in other published sources, and there is no doubt that her monograph fills many of the extensive gaps in our knowledge of nineteenth-century Minangkabau society and its interaction with Dutch political and economic power. Moreover, those familiar with Taufik Abdullah's classic study *Schools and Politics: The Kaum Muda in West Sumatra, 1927-1933* will find an excellent complement in her chapters on the development of secular education during this earlier period. In publishing this study, the Cornell Modern Indonesia Project is confident that it provides an important addition to the regional dimension.
